PRESCRIBING AUTHORITY: DoD Instruction 5400.16, "DoD Privacy Impact Assessment (PIA) Guidance". Complete this form for Department of Defense (DoD) information systems or electronic collections of information (referred to as an "electronic collection" for the purpose of this form) that collect, maintain, use, and/or disseminate personally identifiable information (PII) about members of the public, Federal employees, contractors, or foreign nationals employed at U.S. military facilities internationally. In the case where no PII is collected, the PIA will serve as a conclusive determination that privacy requirements do not apply to system.

1. DOD INFORMATION SYSTEM/ELECTRONIC COLLECTION NAME:

Joint Operational Edge (JOE) Cloud

2. DOD COMPONENT NAME:

Defense Information Systems Agency

3. PIA APPROVAL DATE:

c. Describe the purpose of this DoD information system or electronic collection and describe the types of personal information about individuals collected in the system.

JOE's user attributes are retrieved as part of the authentication process from mission owner's controlled and external identity management systems. They potentially has access to PII data during the use, processing and disclosure phases. Use and processing of PII data is limited to making decisions about the authentication and authorization data is examined in programmatic ways by the system in order to be evaluated by the rules defined by the information owner to allow or disallow access then user data is discarded. The types of personal information that is collected includes: Name(s), DoD ID Number, Work E-mail Address, Position/Title, Rank/Grade.

d. Why is the PII collected and/or what is the intended use of the PII? (e.g., verification, identification, authentication, data matching, mission-related use, administrative use)

JOE does not collect PII from individuals and may use PII data received by the dependency identity management system for authentication and authorization decisions.

e. Do individuals have the opportunity to object to the collection of their PII? Yes No

(1) If "Yes," describe the method by which individuals can object to the collection of PII.

(2) If "No," state the reason why individuals cannot object to the collection of PII.

Data is maintained and stored within informations system outside of the boundary and owned by respectful mission owners; therefore individuals cannot object to the use of PII attributes and would have to raise objections with the corresponding mission owner's to exclude attributes within their external system (e.g. identity management service).

f. Do individuals have the opportunity to consent to the specific uses of their PII? Yes No

(1) If "Yes," describe the method by which individuals can give or withhold their consent.

(2) If "No," state the reason why individuals cannot give or withhold their consent.

Individual end-users cannot consent to specific use of PII attributes that may be used with JOE services; however individuals may be able to specifically-consent with the originating identity management service to honor any usage of PII attributes.

g. When an individual is asked to provide PII, a Privacy Act Statement (PAS) and/or a Privacy Advisory must be provided. (Check as appropriate and provide the actual wording.)

- Privacy Act Statement Privacy Advisory Not Applicable

Authority: Executive Order 10450, 9397; and Public Law 99-474, the Computer Fraud and Abuse Act. Principal Purpose: To record names, signature, and other identifiers for the purpose of validating trustworthiness of individuals requesting access to Department of Defense (DoD) systems and information. NOTE: Records may be maintained in both electronic and/or paper form. Routine Uses: None. Disclosure:

Disclosure of this information is voluntary; however, failure to provide the requested information may impede, delay or prevent further processing of this request.

k. Does this DoD Information system or electronic collection require a Privacy Act System of Records Notice (SORN)?

A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is retrieved by name or other unique identifier. PIA and Privacy Act SORN information must be consistent.

- Yes No

If "Yes," enter SORN System Identifier K890.14

SORN Identifier, not the Federal Register (FR) Citation. Consult the DoD Component Privacy Office for additional information or <http://dpclid.defense.gov/Privacy/SORNs/>
or

If a SORN has not yet been published in the Federal Register, enter date of submission for approval to Defense Privacy, Civil Liberties, and Transparency Division (DPCLTD). Consult the DoD Component Privacy Office for this date

If "No," explain why the SORN is not required in accordance with DoD Regulation 5400.11-R: Department of Defense Privacy Program.

l. What is the National Archives and Records Administration (NARA) approved, pending or general records schedule (GRS) disposition authority for the system or for the records maintained in the system?

- (1) NARA Job Number or General Records Schedule Authority. GRS 3.2.062 (N1-GRS-07-3, item 13b)
- (2) If pending, provide the date the SF-115 was submitted to NARA.

(3) Retention Instructions.

Temporary. Destroy/delete when 7 years 6 months to 20 years 6 months old, based on the maximum level of operation of the appropriate CA and after the information record the PKI is designed to protect and/or access is destroyed according to an authorized schedule, or in the case of permanent records when the record is transferred to NARA legal custody. Longer retention is authorized if the agency determines that transaction -specific PKI records are needed for longer periods.

m. What is the authority to collect information? A Federal law or Executive Order must authorize the collection and maintenance of a system of records. For PII not collected or maintained in a system of records, the collection or maintenance of the PII must be necessary to discharge the requirements of a statute or Executive Order.

- (1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be similar.
- (2) If a SORN does not apply, cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply).
 - (a) Cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.
 - (b) If direct statutory authority or an Executive Order does not exist, indirect statutory authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.
 - (c) If direct or indirect authority does not exist, DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component must be identified.

The following authority allows JOE to collect the data:
