OSP (BluVector OEM) is an advanced threat detection solution deployed by ID6 to meet the DCO Ops requirements for threat detection capabilities. OSP is a passive sensor that collects and data traffic (both packet header and payload). Since OSP collects entire data packets, any PII or data included in payload will be collected. The types of personal information that is collected includes: Name(s), DoD ID Number, Official Duty Telephone Phone, Work E-mail Address, Records, and Employment Information.

d. Why is the PII collected and/or what is the intended use of the PII? (e.g., verification, identification, authentication, data matching, mission-related use, administrative use)

The data and PII collected is used for mission-related use, verification, and authentication.

e. Do individuals have the opportunity to object to the collection of their PII? Yes No

- (1) If "Yes," describe the method by which individuals can object to the collection of PII.
- (2) If "No," state the reason why individuals cannot object to the collection of PII.

Individuals can object to the collection of their PII by not completing and submitting the information required.

f. Do individuals have the opportunity to consent to the specific uses of their PII? Yes No

- (1) If "Yes," describe the method by which individuals can give or withhold their consent.
- (2) If "No," state the reason why individuals cannot give or withhold their consent.

Individuals can object to the specific uses of their PII by not completing and submitting the information required.

g. When an individual is asked to provide PII, a Privacy Act Statement (PAS) and/or a Privacy Advisory must be provided. (Check as appropriate and provide the actual wording.)

k. Does this DoD Information system or electronic collection require a Privacy Act System of Records Notice (SORN)?

A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is retrieved by name or other unique identifier. PIA and Privacy Act SORN information must be consistent.

- Yes No

If "Yes," enter SORN System Identifier

SORN Identifier, not the Federal Register (FR) Citation. Consult the DoD Component Privacy Office for additional information or <http://dpcl.d.defense.gov/Privacy/SORNs/>
or

If a SORN has not yet been published in the Federal Register, enter date of submission for approval to Defense Privacy, Civil Liberties, and Transparency Division (DPCLTD). Consult the DoD Component Privacy Office for this date

If "No," explain why the SORN is not required in accordance with DoD Regulation 5400.11-R: Department of Defense Privacy Program.

(3) Retention Instructions.

No records are created or stored.

m. What is the authority to collect information? A Federal law or Executive Order must authorize the collection and maintenance of a system of records. For PII not collected or maintained in a system of records, the collection or maintenance of the PII must be necessary to discharge the requirements of a statute or Executive Order.

- (1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be similar.
- (2) If a SORN does not apply, cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply).
 - (a) Cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.
 - (b) If direct statutory authority or an Executive Order does not exist, indirect statutory authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.
 - (c) If direct or indirect authority does not exist, DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component must be identified.

The authority below allows Open Sensor Platform (OSP) to collect the following data:

10 U.S.C. Chapter 8-Defense Agencies and Department of Defense Field Activities;
