## The DEOS Blanket Purchase Agreement (BPA) is a 10-year contract designed to provide a comprehensive set of capabilities focused upon collaboration and cloud.

The DEOS BPA is a 10-year contract designed to provide a comprehensive set of capabilities focused upon collaboration and Cloud. BPA is DoD's preferred contracting vehicle for all Microsoft Office 365 Collaboration and Cloud capabilities through both license and service support requirements. The streamlined ordering process is simple, which includes close collaboration with DISA, General Services Administration (GSA) and vendors. Designed to be flexible to meet the ever-changing technologies, the BPA offers an extensive suite of offerings both on the unclassified and classified ecosystems with the requisite flexibility to allow for nearly any configuration or service a mission partner may require.

## DoD365-Joint (DoD365-J) is home to over 80+ different defense agencies and combatant commands with over 280K users.

DoD365-Joint (DoD365-J) is a part of the DEOS portfolio and is governed and managed by the DEOS program. DoD365-J is a single-shared tenant for the Fourth Estate Agencies and some Combatant Commands. It is open to any customer requiring an unclassified cloud environment.
