

Forecast to Industry 2018

Development and Business Center

Ms. Lisa Belt
Acting Cyber Development Executive
5 November 2018

Cyber Defense Goals

DoD Cyber Strategic Goals

- Ready Forces/Cyber Operations
- Defend, Secure, Mitigate
- Defend the Homeland

DISA Strategic Goals

- Operate: Provide Efficient, Resilient, Reliable & Assured Infrastructure & Services
- Build: Improve Responsiveness, Agility & Collaboration
- Defend: Defend the DODIN, Secure DODIN Data and Mitigate Risks to DoD
- People: Recruit, Develop & Train our Professional Workforce

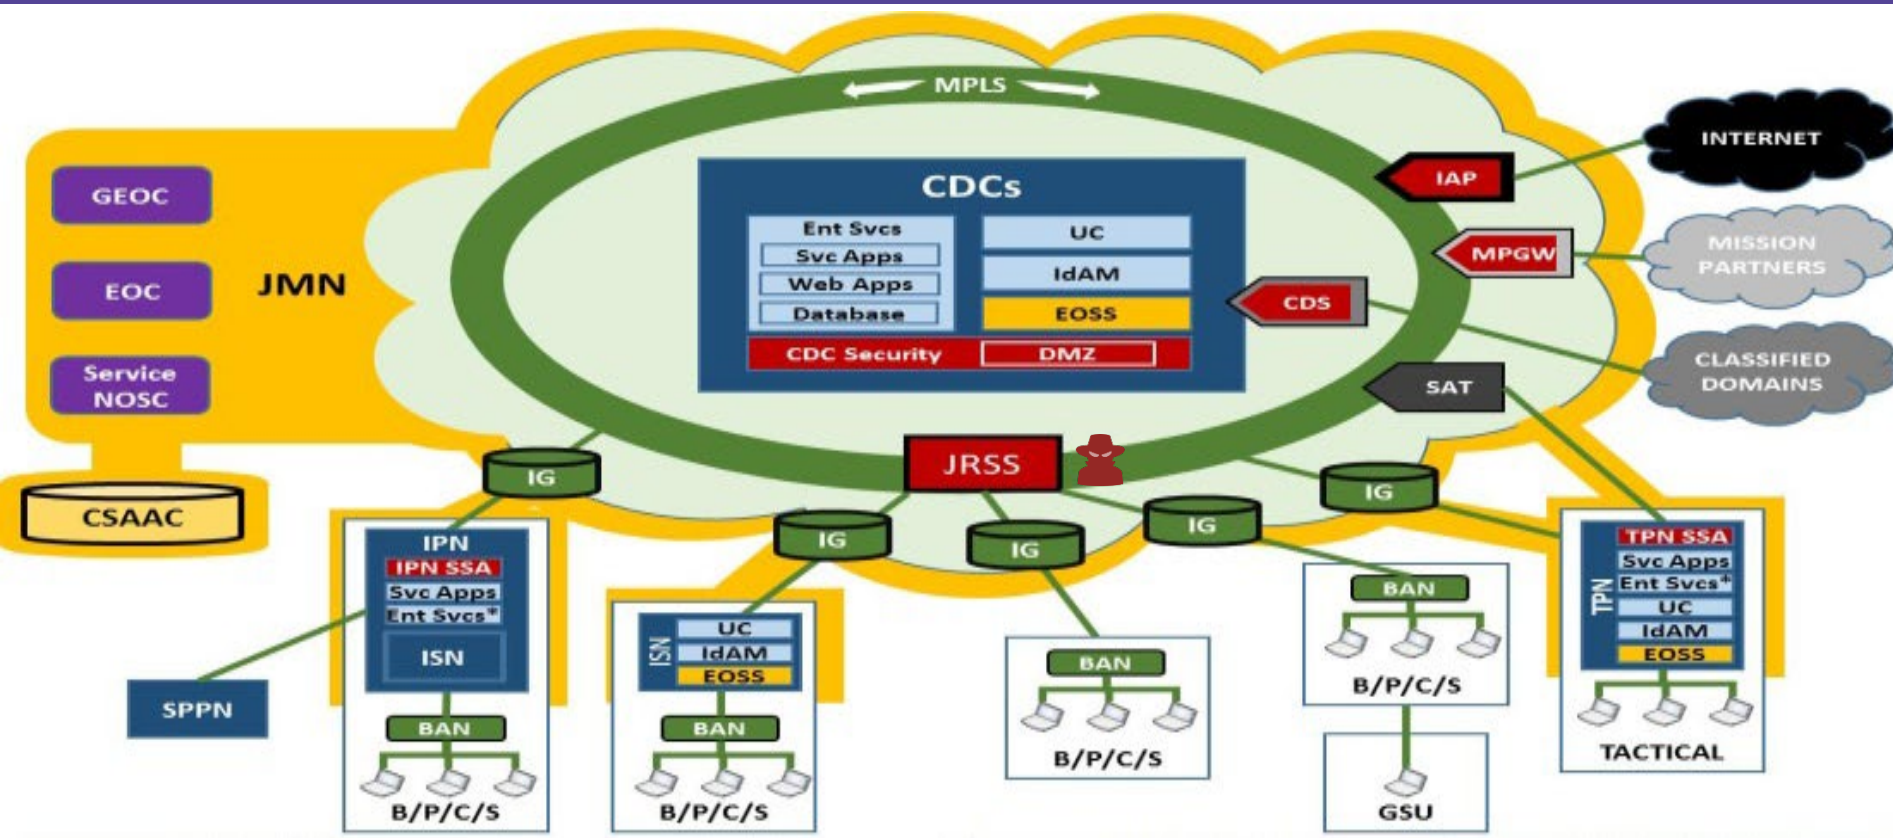

DODIN Cyber Strategic Goals

- Establish a defensible network – automatically remediate vulnerabilities and insecure configurations
- Actively block, in cyber speed, known and unknown attacks at network perimeter, regions, and endpoints
- Rapidly discover (hunt) and eradicate attacks that evade defenses
- Safeguard information and infrastructure from the insider threat
- Share Information, provide situational awareness to empower the network defender (analyst)

Cybersecurity Strategic End-State and Implementation Plan

Mission dependability in the face of cyber adversaries

Acquisition Opportunities

Project Title & Description	Program Office	RFP / Projected Award
<p>Cross Domain Enterprise Services (CDES) Project Management and Engineering Support Services Provide planning, program management, development, and integration of cross-domain solutions and engineering services.</p>	DISA DBC ID2	Single award Acquisition Strategy Pending RFQ: 1QFY19 Projected Award: 2QFY19
<p>Public Key Infrastructure (PKI) Operations Provide sustainment, implementation, technical, development, and design support for the DoD PKI and Common Service Provider (CSP).</p>	DISA DBC ID2	Single award Small Business Set-Aside, GSA STARS II RFQ: 1QFY19 Projected Award: 3QFY19
<p>Cross Domain Enterprise Services (CDES) Operations and Integration Provide implementation and integration support, operational and sustainment support, engineering support, Tier I-III Help Desk support, technical writing / editing, operational document preparation services, custom filter development and other operational support.</p>	DISA DBC ID2	Single award Acquisition Strategy Pending RFQ: 1QFY20 Projected Award: 4QFY20

Acquisition Opportunities

Project Title & Description	Program Office	RFP / Projected Award
<p>Assured Compliance Assessment Solution (ACAS) Provide implementation, integration and sustainment support for the enterprise capability to accurately assess the configuration compliance of DoD networks.</p>	DISA DBC ID3	<p>Single award Full and Open, GSA IT 70 RFQ: 1QFY19 Projected Award: 2QFY19</p>
<p>Tenable Software / ACAS Software to support DoD Enterprise's mission for network vulnerability scanning in order to proactively protect DoD networks.</p>	DISA DBC ID3	<p>Single award NASA SEWP Limited Sources Competition (Among Resellers) RFQ: 1QFY19 Award: 1QFY19</p>
<p>Enterprise Mission Assurance Support Services (eMASS) Software as a Service acquisition of eMASS capabilities.</p>	DISA DBC ID3	<p>Single award Acquisition Strategy Pending RFQ: 3QFY21 Projected Award: 1QFY22</p>

Acquisition Opportunities

Project Title & Description	Program Office	RFP / Projected Award
<p>Joint Management Network (JMN)/Joint Migration Team/Service Migration Team (SMT) Support for the Joint Regional Security Stacks (JRSS) Provide integration, migration and operational support services for the JRSS.</p>	DISA DBC ID4	Single award GSM-O RFQ: 1QFY19 Projected Award: 2QFY19
<p>JRSS Lancope / Stealthwatch Technical Refresh Software refresh of version 6.6.3 that addresses multi-tenant issues which exist in the older version of code. The version also addresses a VLAN tag processing issue.</p>	DISA DBC ID4	Single award NASA SEWP Limited Sources Competition (Among Resellers) RFQ: 2QFY19 Award: 2QFY19
<p>JRSS Security Information Event Manager (SIEM) 2.0 Hardware, Software, and 5-Year Support. The JRSS SIEM 2.0 will provide enhanced capabilities for detecting and processing near real-time cyber security incidents.</p>	DISA DBC ID4	Multiple award NASA SEWP Limited Sources Competition (Among Resellers) RFQ: 2QFY19 Award in 3QFY19

Acquisition Opportunities

Project Title & Description	Program Office	RFP / Projected Award
<p>JRSS Blue Coat Web Content Filtering Hardware and software to support the reverse and forward web proxy capability as part of the DISA JRSS 2.0 initiative.</p>	DISA DBC ID4	Single award NASA SEWP Limited Sources Competition (Among Resellers) RFQ: 2QFY19 Award: 2QFY19
<p>JRSS PACOM Expansion Procurement of hardware and software to complete build out of PAC Stacks to support Army, Air Force, Navy, Marine Corp, and DISA.</p>	DISA DBC ID4	Single award; NASA SEWP Limited Sources Competition (Among Resellers); RFQ to be released 2QFY19; Award in 2QFY19

Acquisition Opportunities

Project Title & Description	Program Office	RFP / Projected Award
<p>Demilitarized Zone (DMZ) - Engineering & Program Management Support Security engineering, implementation, and integration support of boundary defense elements, specifically SIPRNet DMZ and NIPRNet DMZ.</p>	DISA DBC ID5	<p>Single award Small Business Set-Aside, GSA Alliant RFQ: 1QFY19 Projected Award: 2QFY19</p>
<p>Gateway Security Engineering Support Provide engineering and sustainment support for Perimeter Defense Capabilities.</p>	DISA DBC ID5	<p>Single award Acquisition Strategy Pending RFQ: 1QFY19 Projected Award: 3QFY19</p>
<p>Web Content Filtering (WCF) Provide engineering and sustainment support services for the WCF system.</p>	DISA DBC ID5	<p>Single award Acquisition Strategy Pending RFQ: 4QFY19 Projected Award: 2QFY20</p>

Acquisition Opportunities

Project Title & Description	Program Office	RFP / Projected Award
<p>Defense Industrial Base Network (DIBNet) Development & Sustainment Provide sustainment and enhancements for DIBNet Unclassified and Secret cyber threat information sharing and collaboration between the DoD and DIB participants.</p>	DISA DBC ID6	Single award Acquisition Strategy Pending RFQ: 1QFY19 Projected Award: 3QFY19
<p>Acropolis Provide technical, engineering, operational, sustainment and management functions to support day-to-day 24x7x365 O&M on all hardware, processes, applications, databases, networks, sensors/sensor feeds, analytical tools/capabilities included in the Centaur Operations mission.</p>	DISA DBC ID6	Single award Acquisition Strategy Pending RFQ: 1QFY19 Projected Award: 3QFY19
<p>Big Data Program Rapid Development Kit and governance support for the Cyber Situational Awareness and Analytic Cloud (CSAAC) program management office.</p>	DISA DBC ID6	Single award Acquisition Strategy Pending RFQ: 1QFY21 Projected Award: 3QFY21
