Perimeter Defense

Malachi Outen
Perimeter Defense Division
4 November 2019

Perimeter Strategic Focus (ID5)

Mission:

- The Perimeter Defense Division continually evaluates and assesses the security posture of the DoDIN to ensure that the proper levels of protection are residing at the boundary. Perimeter Defense serves as a primary layer of protection between the Internet and NIPRNet

Vision:

- To develop next generation Perimeter Defense capabilities and solutions that meet the evolving DODIN security requirements in the context of a Joint Information Environment

Near Term Objectives (FY20-FY21):

- Continue supporting the migration of customers behind Enterprise Break and Inspection in support of the Web Content Filter Program
- Continue to transition the SHARKSEER program from NSA to DISA
