Forecast to Industry 2020

Joint Service Provider –
Defense Information Systems Agency
(DISA JSP)

Sajeel Ahmed
Vice Director
3 December 2020

Joint Service Provider 'Ecosystem' Investments

Industry Engagement

- **Co-Creation:** JSP is engaging industry on a revolving and active basis in the development of new value propositions (concepts, products and services) for JSP customers
- **Industry First:** JSP is cognizant of the private sector's multi-year lead on Federal agencies in regards to technological innovation. JSP is following the pathways laid by private industry and DISA in forging its path forward for IT

Technology Enhancement

- **Future-Proofing JSP:** JSP is undergoing multiple lines of effort to ensure the organization is not outpaced by advancing technology, to include an enhanced cyber posture and a zero-trust approach to network management
- **COVID-19 Challenges:** JSP has so far met the challenges of keeping a distributed customer base connected. However challenges remain in ensuring this new paradigm is sustainable and efficient as storage/network burdens continue to increase

Joint Service Provider 'Ecosystem' Improvements

Industry Engagement

Technology Enhancement

Best Practice Tech Insight Gained from Industry

Evolve the Infrastructure by Leveraging an Enterprise Approach to IT

Improved Service Delivery via a Operational Command Framework

Ensure Customer-Centricity

Develop Independent Metrics & Success Criteria

Harness User Entity Behavioral Analytics
